KAI HILLMANN

Biography

English For love of the beat.

Reading his bio it becomes clear – the artist Kai Hillmann is a pro in the deep and melodic afro house scene: Kai, who nowadays calls the hippest clubs on earth his home, made his first steps in the electronic direction in the 90s. His former desires as a young upcoming DJ are his electronic everyday life today: Whether St. Petersburg, Tahiti, Ibiza, Mallorca, Berlin or Hamburg – the dancefloors don't remain empty. With dreamy, pulsing sets and sensational beats he creates the perfect dancing atmosphere and is one of the most popular DJs in the deep, melodic and afro house section. Dark cellar clubs or sandy beaches, day or night – this beat should never stop!

He conquered the international club scene in 2013.

In Germany he did a big step in the very same year: Karera Records took over his management and brought him together with the most famous clubs. Kai became a vital part of the party events that numerous deep house and house fans attended. Since then the DJ has been booked regularly by the Berlin Club Sisyphe. In the short breaks between one gig and another Kai tries to relax in his adoptive home, the city of Trier. And yet another location seems to have fallen for Kai recently: the most famous Berlin club Kater Blau, situated right next to the river Spree and the successor of Bar25.

He played in duo Hillmann & Neufang for almost 12 years. Due to their shared passion for electronic music, especially deep melodic house, they decided to merge their careers. Which led to success. They played at festivals all over Germany, Boiler Room sessions in far away places, clubs in Mexico or Bora Bora. Across Europe, from Switzerland to Russia. They thrilled entire crowds on the dance floor and infected them with their special vibe.

Various releases followed with labels such as Déepalma, Dantze, Baby, Heinz Music, Deep Woods, Keno Records, Karera Records, Odonien Records, Temae Records ... and many more.

Since this year, Kai Hillmann has been traveling alone again and has all the experiences he has gained with him. He now played at the Peak and Moonshine Festival in Luxembourg. His name has also become an integral part of the "Go Ten, Monkeyroom and Melusina" clubs. His musical style is characterized by loose, melodic afrohouse vibes and so it didn't take long for him to make a name for himself in Netherland as Kai Hillmann. He has now established himself in the Woodstock family there and plays regularly in the Houtbaar in Haarlem.

He steadily has grown through his experiences and is more established than ever in the electric music scene.
